No. 39

# READY MIXED CONCRETE MANUFACTURERS' ASSOCIATION

*has organised*

**Webinar**

*on*

**“Revolution in Concrete Curing with Performance”**

**Date: Friday, 30/12/2022, Time: 3.00 pm to 5.00 pm**

**Link : <https://zoom.us/j/97895180169?pwd=TINqdVZSZVdyUkxNYVo1QkJBbEJyZz09>**

**Webinar ID :978 9518 0169 , Passcode: 451947**

**Mr. Rajeev R Pandey**  
DGM Construction  
Chemicals

Mr. Rajeev R Pandey has more than 25 years of experience in Construction Industry and Ready Mix Concrete with various assignments and positions in Hindustan Construction Co., Ultratech Concrete, ACC to name a few. He is well versed in Concrete Technology and Prevalent practices in Construction Today.

## [REVOLUTION in CONCRETE CURING with PERFORMANCE](#)

E5 INTERNAL CURE is revolutionizing curing of concrete while delivering high performance and quality. E5 is a patented admixture developed by a concrete contractor for actual field performance and scientifically validated by leading civil engineering university in USA. Proven performance with millions of square meters of commercial concrete projects utilizing E5.

E5 is a liquid with easy dosage into concrete mix. Major performance attributes include:

- Eliminates Wet Cure of concrete
- Improves Slump Retention and Reduces Bleeding
- Provides High Compressive Strength with better Ductility
- Improves Abrasion Resistance and Hardness of surface
- Reduces Shrinkage and Curling
- Improves Finishability of surface
- Improves Pumpability and Placeability
- Reduces construction schedule time
- Lowers cement content and Reduces Carbon

Join the Revolution by improving your concrete performance, quality and consistency with E5 INTERNAL CURE.
